

WETS TO FIGHT COURT'S DECISION IN DRY CASE

WIDE DEFINITION OF RADICALISM GIVEN IN BILL IN HOUSE

DESIGNED PRIMARILY TO
FORCE ARREST AND
DEPORTATION OF
ALIENS.

GETS ALL "REDS"

Wilson Had Ruled Membership
in I. W. W. Not Sufficient
Grounds.

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—A bill de-
fining radicalism and designed pri-
marily to force the department of labor to ar-
rest and deport all alien members
of the I. W. W. and kindred organi-
zations was reported to the house
today by the immigration commit-
tee.
Under the bill any alien who is a
member, or contributor, or loans
money to or is affiliated with any
organization preaching, advocating
or forwarding the teaching of
sabotage, the overthrow of organized
government, the killing of or assault
upon any government official or the
unlawful damage to or destruction
of property, would be liable to ar-
rest and deportation. No overt act
must be proved in order to bring
about deportation as the bill pro-
vides that mere membership in
any affiliation with radical organiza-
tions shall be a deportable offense.
Explaining that the purpose of
the measure was to make the let-
ter and intent of the law plain and
unmistakable, Representative John-
son introduced it and said that he
hoped that under existing law mere
membership in the I. W. W. did not
constitute grounds for arrest and de-
portation.

Government Hosts Case.
Kansas City, Mo., Dec. 16.—The
government shortly before noon to-
day raised its case in the trial of 22
alleged members of the I. W. W.
charged with conspiracy, in the fed-
eral district court here. Fred Moore,
attorney for the defense, began his opening state-
ment.

GEN. WOOD HAS UNTIL JAN. 1 TO FILE PAPERS

[BY ASSOCIATED PRESS.]
Sioux Falls, S. Dak., Dec. 16.—
Gen. Leonard Wood, who was chosen
as the republican favorite for pre-
sident at the recent state conven-
tion, has until January 1 to file
his acceptance and declaration of his
campaign issue, according to dis-
patches from Pierre today.
The republican party attorney gen-
eral recently held that the majority
preferences voiced at the proposal
meetings have until January 1 to
file declarations, but that minority
preferences must file by today. Wood-
ward Wilson was endorsed for a third
term by the democrats at the meet-
ing.

Neither the republican nor demo-
cratic convention voiced a minority
favorite for the presidential nomi-
nation.

ATTEMPT MADE TO END LIFE OF OREGON

Agua Prieta, Sonora, Mexico, Dec.
16.—Private advices received here
from Mexico City today, were to the
effect that an attempt was made last
Thursday to take the life of General
Alvaro Obregon, candidate for the
presidency of the republic, after he
had addressed a public gathering in
one of the suburbs of the capital.
The would-be assassin was jailed.

Lockout in Building Trade In Madrid Is Complete

struction trades called for today, is
complete. Not a single workman in
these trades labored today.

Bubonic Plague Attains Grave Proportions in South

[BY ASSOCIATED PRESS.]
Buenos Aires, Monday, Dec. 15.—
The bubonic plague is reported to
have attained grave proportions in
Laus Rosas, Santa Fe province, where
the business houses have been or-
dered closed for 48 hours owing to
bad hygienic conditions.

SERVICE MEN VOICE GRIEVANCES AGAINST VOCATIONAL METHODS

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—Grievances
of former service men against the
government's vocational training
method were laid before the Ameri-
can Legion conference here today by
Cornelius Wickersham, New York,
who demanded that "definite and
concrete action be taken to relieve
the situation."
Pewter than 25,000 of 180,000 par-
tially disabled ex-service men have
been able to derive benefits under
the present vocational training laws,
Mr. Wickersham said.
"From the information I have,"
Mr. Wickersham said, "it appears
that the whole thing is badly man-
aged. Men who desire to take the
training are mislabeled in so many
instances that others are discour-
aged. There is general dissatisfac-
tion among the men be-
cause the maintenance pay is so
small and the training is so slow.
Alternative of existing half pay
during the training course or sacri-
ficing its benefits altogether."
After the meeting session, the dele-
gates made informal calls on individ-
ual members of congress. Each was
instructed to urge action on changes
in the vocational training law and
also in the war risk act.

TALK OF COMPROMISE ON TREATY PREVAILS

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—Talk of a
compromise on the peace treaty
began to figure prominently again
today in senate chamber. Represen-
tative of each party working
independently of the party leaders,
canvassed the situation to see
if a common ground might be
reached.
The democrats told the republicans
they did not consider themselves
bound by any agreement today.
House statement of Sunday saying
President Wilson was not considering
any compromise.
The republicans apparently were
ready also to make some concessions
despite the statement of Senator
Lodge, the republican leader, that
there was no room for further
compromise.

WHITE DENIES GUILT IN DANSEY DEATH

[BY ASSOCIATED PRESS.]
Hammon, N. J., Dec. 16.—
Friends of Charles S. White, of this
city, issued a statement today de-
nying that he had anything to do
with the death of "Billy" Dansey.
White is in the jail at May's Land-
ing charged with the murder of the
litter boy.
White announced that application
will be made to Judge Black, Jersey
City, for writ of habeas corpus.
The arrest is one of the biggest
outrages ever perpetrated by over-
zealous law officers upon innocent
people, an attorney here said.
Edith Dansey, who is imprisoned
as an accessory of White's also
declared her innocence.
Mrs. Jones was a frequent visitor
at the Dansey's home and had been
housekeeper in the White family for
18 years.

registered a contract between the
government and the Central and
South American Cable company for
the laying of a cable from Rio De
Janeiro to Cuba, assuring a direct
all-American line from Brazil to
the United States.

Boston Votes on Cutting Down Historic Common

Boston, Dec. 16.—The size of the
license vote and the question of cut-
ting down the historic Common, ad-
jacent streets were matters of
concern in the municipal election
here today. All but one of 35 Mas-
sachusetts cities which have voted
this year have given a "wet" major-
ity.

will specify the government's view-
point, the newspaper adds.

COGNAC ENDORSES MOVE TO ABATE R. R. CROSSING DANGERS

MAYOR AND ATTORNEY TO
ATTEND HEARING AT
MADISON.

STREET RENAMED

City Planning Commission of
Seven Members to Be
Created.

Unanimous approval and endorse-
ment of the action of First ward citi-
zens in their efforts to abate danger
at railroad crossings here was voted
by the council in regular meeting
last night. As convincing proof of
their wholehearted belief that some-
thing must be done to eliminate
hazard there, councilmen voted to
have Mayor T. E. Welsh and City
Attorney Roger G. Cunningham ac-
company First warders to Madison
today for the hearing before the
railroad commission this afternoon.
Closely linked with this action and
considered equally important was
the unanimous passage of the ordi-
nance providing for the creation of a
city planning commission of seven
members. Among its other powers
this commission is empowered to
initiate or investigate any schemes
or plans for making railroad cross-
ings less dangerous. Mayor Welsh
will announce his appointments for
the commission within a few days.
A second ordinance passed by the
council last night provides for
changing the name of Yuba street
in the Second ward to Irving place.
Property owners on the street, which
is but two blocks long, asked for the
name change.

Hospital Contract Approved

A final contract of the city with
Mercy hospital authorities for the
care of all emergency cases was ap-
proved as the fourth important fea-
ture of the meeting.
In placing its stamp of approval
upon the action, the board of citi-
zens councilmen acted upon a peti-
tion which was presented by the
committee composed of Dr. Fred E.
Cunningham, F. C. Clark, E. C. C.
P. Fish, George Woodruff, J. S.
Pittfield, and George F. Wells. A simi-
lar resolution of endorsement
adopted by the board of directors of
the Chamber of Commerce yester-
day afternoon was read to the coun-
cil before action was taken. There
was little discussion of the matter,
aldermen evidently desiring to
await the outcome of the hearing
before the commission at Madison
before any action was taken.
Mayor Welsh and City Engineer
C. V. Kersch will be permanent mem-
bers of the city planning commis-
sion. The board of directors and
four citizens in accordance with
terms of the ordinance adopted
without a dissenting vote. The ordi-
nance is expected to be in effect
publication in full in the Gazette
this week. It is hoped to get the
body organized as soon as possible
and to make the new body work-
ing out a solution to the rail-
way crossing problem and other city
development questions which are
being discussed by the board of citi-
zens. The commission's decisions shall be subject
to approval of the council, the ordi-
nance provides.

Hospital \$500

The city's contract with the hospi-
tal authorities, introduced by Ald.
E. P. Kelly and passed unanimously
last night, provides for a payment
of \$500 by the city to the hospi-
tal in consideration of that insti-
tution's agreement to accept each
case which is brought to the hospi-
tal by any accident or emergency
case arising within the city limits
and give him all due care.
The contract also provides that
both transients and residents, who
may be victims of an emergency
case in the city only. It was pointed
out that the hospital board would
probably take similar action at its
January session.

SUGAR CONTROL BILL FAVORABLY REPORTED

[BY ASSOCIATED PRESS.]
Washington, Dec. 15.—After ap-
proving an amendment which would
retain in force the provision of the
food control law giving the govern-
ment authority to regulate the prices
and regulate the movement of sugar,
the house agriculture committee today
ordered a favorable report on the
senate bill controlling foreign sugar
imports.

Fire Damages Cargo on Way to Constantinople

[BY ASSOCIATED PRESS.]
New York, Dec. 16.—Fire of un-
known origin damaged the cargo
of the fore hold of the steamship
Henry R. Mallory, which was sched-
uled to sail today for Constantinople.
During the war the vessel
was used as a transport.

the republic.

Order Maintained in Strike At International Falls

[BY ASSOCIATED PRESS.]
St. Paul, Minn., Dec. 16.—Reports
received today by Governor Burn-
quist from national guard officers
on duty at International Falls, where
a small strike is in progress, indi-
cated that although order is being main-
tained in that city, considerable
trouble has taken place at Fort Fran-
cisco, across the Rainey River, in Can-
ada.

Forest Green Is Official Color of R. C. Uniforms

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—Forest
Green was declared the official color
of the American Red Cross field uni-
forms in an order issued by Secre-
tary Baker today. The change was
decided on a year ago, but to utilize
the large amount of light grey cloth
on hand the order was withheld.

Dog Teams Bring Gold Dust From Cleanups in Alaska

Seward, Alaska, Dec. 16.—Gold
dust worth approximately \$400,000,
brought by dog teams over the win-
ter trail from the Kuskokwim and
Iditarod regions of Alaska, was here
today awaiting shipment to Seattle.
The gold was the product of "clean-
ups" in the districts since winter set
in.

So Long, Pals

So long fellows, goodbye pals!
Tep the last day on this planet
and all conditions you find and all
of us will be—yes where will we
be?
Are you all set mates? Got
every emergency in order,
conscience clear as crystal "in
everything"? Don't rush to frame
up a will cause we're all going
together.
See the sun today? Looked
like the end of something, didn't
it? Many folks in town are
convinced the end is at
hand. Scientists are agreed that
it's all up with us after studying
the antics of Jupiter and Venus.
Superstition folks say the
world are making ready for
the end of the world tomorrow
noon. Its the first time in his-
tory or before that the planets
were so inclined so
something "as gotta happen and
why not the end of the world?
Convinced folks in town who
say it is all hot air, this talk
about the world coming to an
end Dec. 17.

COAL PRODUCTION AND DISTRIBUTION IS NEARLY NORMAL

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—Actually
normal conditions in the distribution
of coal have been restored. The rail-
road administration today began de-
livering all coal as billed, except in
some areas where the distribution
will be necessary. The order
reducing by 25 percent the amount
of coal permitted to be coked also
was rescinded.
Appointment of the commission to
investigate wages and prices in the
coal mining industry, will not be
made before Thursday, it was said
today at the whitehouse.

Women Aim of Workers

"The organization of women in
Illinois is by far the most important
step in the movement now. I be-
lieve if Mr. Palmer succeeds in organ-
izing every woman purchaser against
the vendors, he will have secured
a victory in buying he will be satisfied
with his trip. When the women
demonstrate that they can get along
without the vendors, they will be
able to get along without the vendors,
whether food or dress, those articles
are going to come off the market au-
tomatically and prices are going to
come down."

NEGRO ATTACK WAS DELUSION—MRS. BLAKE

Atlantic City, N. J., Dec. 16.—Mrs.
Esther Miller Blake today repudi-
ated her statement that two negroes
overpowered her last Friday night on
the boardwalk and kidnapped her
five-year-old son.
"It might have been a delusion,"
she told Dr. Louis R. Snyder, cor-
respondent of the New York Times.
"I am not a delusional person. I
might be mistaken about the negroes."
Mrs. Blake is under arrest charged
with the murder of her son. She has
been a sufferer from nervous exhaus-
tion for several years.
The mother also admitted that the
boy had been in the hands of a
doctor from which she believed she
in a fit of insanity, threw him into
the sea.

RAILROADS EVADED SAFETY LAW, CHARGE

[BY ASSOCIATED PRESS.]
Washington, Dec. 16.—Evasion of
laws to promote the safety of
passengers and employees was
charged to the railroads of the
United States today by E. A. Bor-
land, chief of the bureau of safety
of the interstate commerce com-
mission in his annual report.
The charges of the bureau of service
law, which prohibits train operators
from remaining on duty more than
16 hours except in extraordinary
circumstances, when Borland's re-
port had given their sanction to
evasions to such an extent as to
defeat the purpose of the law. He
charged that safety had been sacri-
ficed to expediency.
Railroad companies were said to
have paid money to operators to
operate the trains with little at-
tention to the maximum require-
ment of the law regarding safety
appliances.

Seaplanes Locate Schools of Fish, Then Send for Hooks

[BY ASSOCIATED PRESS.]
San Diego, Calif., Dec. 16.—A sea-
plane patrol to locate schools of fish
and flash the directions by wireless
was in operation today off this port.
The patrol, which made its first
flight yesterday, consists of two gov-
ernment seaplanes, which were re-
leased through a submarine chaser in
the harbor here. In 25 minutes pilots
of planes yesterday had reported two
schools, which probably were fish-
ermen with a profitable day's work.

[BY ASSOCIATED PRESS.]
Chicago, Dec. 16.—Plans of the
department of justice to bring about
lower prices for the necessities of life
will be in the hands of 409 Illinois
state attorneys, mayors, fair price
committee men, and heads of civic
organizations tonight.
United States Attorney General A.
Mitchell Palmer will explain his pro-
gram at 3 o'clock this afternoon at
the state conference called by Gov.
C. D. Ransdell.

Campaign Carefully Planned

Major A. A. Sprague, head of the
Illinois price committee, announced
that his sub-committee, chairmen
from all sections of the state were
enroute to Chicago for the session.
They are bringing with them offi-
cials of practically every county and
city in the state.
Others assert that the roads
must be kept open so that they can
live. One man declares that
highways free from snow are
needed so that the children
might get to school, doctors may
make their calls, deliveries be
made of milk, groceries and
other necessities.

Do It Now

"Do it now" and "regardless
of cost" are expressions com-
monly used in the replies. And
the department of justice is sug-
gested in one man's letter by the use
of a truck which could be out-
fitted with a sweeping device
to clear the roads of snow. The
main idea, he asserts, "is to get
something that can travel right
along and get the snow off the
roads. To pack the snow
down with a tank would make it
bad when it began to thaw."
Despite the fact that the roads
are to be cleared, the department
is to forward a clipping from a
power farm machinery magazine
illustrating a successful snow
plow.

TRAFFIC DELAYED BY DERAILED CARS

Four derailed freight cars three
miles north of Sharon on the North
Western road late yesterday after-
noon seriously delayed traffic in
this city for a period of seven
hours. Trains on that division were
cancelled to make a detour by way
of Harvard, Caledonia, and Beloit.
Train No. 508 leaving here for Chi-
cago at 8:25 p. m. did not leave
until 11:45 p. m. Train No. 511 due here
at 5 p. m. arrived at 10:10 p. m. No.
515 due at 12:01 a. m. arrived at 1:10
a. m.
Two freight cars were reported
off the tracks between here and Mil-
ton at 1 o'clock this afternoon. The
train leaving this city for Fond du
Lac at 12:35 p. m. was held here un-
til the tracks could be cleared. Train
No. 44, due here at 1:10 p. m. was
being held at Milton. Officials an-
nounced that service would be re-
sumed by 3 o'clock.

NEW TRIAL FOR MURDER OF FIANCEE

Los Angeles, Calif., Dec. 16.—Harry
New, alleged son of United States
Senator Harry S. New, Indiana, was
on trial here today for the murder
of Miss Freda Lesser, his fiancée.
New is alleged to have shot and
killed Miss Lesser on the night of
July 4 in a canyon. He drove in
his automobile to the police sta-
tion, with the body of the girl be-
side him, and surrendered.
New is alleged to have confessed
he killed the young woman in a fit
of rage when she refused to marry
him. An autopsy indicated that Miss
Lesser was in a delicate condition.

"Leak" on Dry Decision Used as Tip for Stock Speculation Is Charge

Moses Is Named for Alleged Attempt to Gain Financial Aid
to Play Market on Advance Information
of Court Decree.

(By Associated Press.)

Washington, Dec. 16.—Departments of justice officials con-
tinued today an investigation of reports of alleged "leaks" on
supreme court decisions which were being used as tips for stock
speculation. A minor official of the department and an attache
of the supreme court were implicated in the charges but Captain
Burke, chief of the bureau of investigation of the justice depart-
ment, declared that so far no basis for the charges had been
discovered.

In a verbal statement last night, Captain Burke said that a
"Mr. B. E. Moses," with offices in the Munsey building, Wash-
ington, had been reported by Marlin Pew, manager of the Inter-
national News Service, for an alleged attempt to obtain financial
backing from a friend of Pew
to play the stock market on ad-
vance information of supreme
court decisions.

Interested

Expressions of readers of this
newspaper contained in answers
to its query on whether the roads
should be kept open to traffic
during the winter months show
that they are emphatically in
favor of the proposition. Of the
55 letters received only three
were against the plan. Each mail
brings in additional replies.
The answers are interesting.
One man asks: "Why spend
millions for good roads in sum-
mer and 30 cents in winter?
Why keep road drugs working
every day all summer and sit
behind the stove all winter?
Why wait 30 days after it snows
to see if it's going to snow again
before doing something?"
Others assert that the roads
must be kept open so that they can
live. One man declares that
highways free from snow are
needed so that the children
might get to school, doctors may
make their calls, deliveries be
made of milk, groceries and
other necessities.

CITY'S PURCHASE OF COKE EXPECTED HERE IN FEW DAYS

Eight cars of coke ordered by the
city board here two weeks ago
will arrive in Janesville, Mayor T.
E. Welsh said today, before leav-
ing for Madison to attend the hear-
ing before the railroad commis-
sion. Official confirmation of the order was received
this morning by City Clerk J. F.
New.
The fuel will be shipped by the
Bickett Coal and Coke company, f.
o. b. either Chicago or wage scale
prices based on the existing em-
ergency. The city board is expect-
ing to increase and decrease in
cost by reason of any change in the
wage agreement. When received,
the board will divide among the
dealers for distribution.
"In using the city funds for financ-
ing the shipment, it is a matter
of the city's interest in the exist-
ing emergency," said the mayor. "If there is
any objection to this, I shall finance
the purchase personally."
The fact that news dis-
patches today carried the announce-
ment of a freight embargo on the
entire C. & M. and St. P. system,
effective from December 16 until Dec.
26, no official orders had been re-
ceived by the local St. Paul freight
agent up to 2 o'clock this afternoon.
"If put into effect tomorrow, it
will cut off the supply of coal and
fuel along the line from
Janesville to Chicago. The embargo
would stop all freight with the ex-
ception of the cars carrying govern-
ment, railroad, newspaper, or news-
print freight and foodstuffs, and
ables, coal, coke, petroleum and its
products."
No C. & N. W. freight embargo
has as yet been announced.

Distilleries Deeply Troubled

Louisville, Ky., Dec. 16.—Watch-
ing one of their last remaining hopes
for a brief "wet" spell go fluttering
away by the decision yesterday of the
supreme court, distillers and saloon
keepers today apparently were deep-
ly troubled.
How to lawfully dispose of approx-
imately 35,000,000 gallons of liquor
worth at wholesale approximately
\$400,000,000, was a big question with
distillers and saloonkeepers today.
Under national prohibition becomes
effective January 16, 1920, a scarcity
of ocean tonnage prevents exporta-
tion of all Kentucky whiskey by that
time, it was said.

WATER OFFICE TO BE ENLARGED; PLANT ON SOUND MONEY BASIS

Larger office quarters for the water department in the city hall are to be provided at once to take care of the unusual increase in business in all branches during the past year. Under authorization of the council in session last night carpenters began work today preparatory to enlarging the city assessor's office for use of the water department, transferring the assessor's headquarters to the room now occupied by the water department.

By demolishing the south partition of the assessor's present office and closing up the rear stairway leading to the basement, the water office will have modern quarters at least a third larger than the present ones. The dimensions of the room when completed will be 24 by 19 feet. The present water office should be suitable for use of the city assessor for some time to come it is believed.

It is hoped to complete the change by the first of the coming year. Supt. H. A. Griffith's appeal for relief from the present cramped condition grew to definite form last night when Ald. Emil Pautz of the building committee offered a resolution that the change be made immediately.

He pointed out that the stairway to the basement was an unnecessary and useless part of the building and could be dispensed with to provide much more room for the water department. The resolution was unanimously adopted.

To what extent the city's water business has grown was indicated last night when Supt. Griffith presented his quarterly report from July 1 to Sept. 30. The report shows the plant to be on a sound financial basis with a net income for the three months of \$4,416.22.

The total revenues for the three months amounted to \$17,039.97 while operating expenses reached \$3,388.97.

The indicated pumpage was 174,348,747 gallons, or an average for the city of nearly 2,000,000 gallons per day. This would make the approximate per capita consumption per day, 110 gallons. Of the total pumpage, 66,733,610 gallons passed through meters while the balance, 117,615,137 gallons is accounted for by the flat rate, hydrants, fountains, etc.

The cost for pumping \$1,000,000 gallons was given as being \$47.18.

EDWARD MADDEN IS NAMED LAKOTA HEAD

Edward T. Madden, superintendent of mails at the local postoffice, was elected president of the Lakota club at the regular semi-monthly meeting held last night. He will hold office for six months succeeding George Sherman who has been president since last July.

Mr. Madden is one of the pioneer members of the club. He has been honored with the presidency before. Other officers elected for the semi-annual term were: Harold Schwartz, vice-president; James L. Stewart, secretary; and Oscar H. Yahn, treasurer. The retiring officers were: George Sherman, president; Ralph Soullman, vice-president; Frank Kennedy, secretary. Mr. Yahn was again re-elected treasurer.

Chief Joe Denning performed one of the last acts of his career as chairman of the house committee by serving a delicious hot buffet lunch. The new committee will be appointed by the president at the next meeting.

ROCK COUNTY TO GET 3.53 PCT. ON DEPOSITS

Rock county will receive 3.53 percent on its money next year, according to an announcement made this afternoon by the county finance committee. Heretofore 2 percent has been the highest paid.

Upon opening bids Monday from the banks of the county, it was found that four offered to pay 3.53 on daily balances. These are the Rock County Savings and Trust company, the Farmers and Merchants bank at Milton Junction, the Postville State bank, and the Bank of Evansville.

The finance committee is composed of W. S. Perigo, Beloit; W. W. Dalton, Clinton; C. O. Osgard, Orlinville; and County Treasurer Arthur M. Church.

The Brunswick

For the Real Xmas Spirit

These days, holiday joys are not confined to candles, wreaths, bells, or even trees. The celebration that is without music lacks real Christmas spirit. On The Brunswick music is reproduced in tones that are exquisite. Music that thrills the very soul.

And why is Brunswick music different? Because it has a distinctly exclusive Method of Reproduction, due to two exclusive patented features.

The Method of Reproduction

The new Brunswick Method of Reproduction is the most advanced and finest yet devised. In perfecting it all old standards were discarded. Heretofore the instrument you bought determined your range of choice of records. The Brunswick has lifted the ban on the selections of other makers. With it you play all records of whatever make. Moreover, it plays all records at their best. And all this by means of the Ultona and the Tone Amplifier.

The Ultona

The Ultona—a scientific creation—is an all-in-one reproducer. It supplies, at a turn of the hand, the right needle, diaphragm and weight for playing any make record.

The Tone Amplifier

The Tone Amplifier is the all-wood, vibrant throat of The Brunswick. It is oval shaped—moulded to meet musical and acoustical laws. Truer, richer, sweeter tones—those that were hitherto lost in phonographic reproduction—are restored by this great invention.

A Brunswick Recital—Especially For You

Come here today. Tell us what records you like most and we will be glad to arrange a Brunswick concert for you. No obligation whatever. The pleasure is all ours.

THE GAZETTE'S PLATFORM FOR JANESVILLE AND ROCK COUNTY.
Community Betterments to which this Newspaper is Pledged.

- An adequate and modern hotel.
- A community building containing an auditorium, woman's rest room, and memorial hall for soldiers, sailors and nurses.
- Traffic regulations which will reduce danger on streets to the minimum.
- A street car service which will answer the needs of an increasing population.
- Improved streets in the city and better roads in the county.
- A survey of the housing situation with a view of discouraging exorbitant rentals for both rooms and houses.
- Careful appraisal of property, particularly that of those who have increased their rentals, so that they may pay their fair share of the taxes.
- A livestock pavilion at the fair grounds to be used in promoting the county's endeavor to take first place in the state as a stock producing center.
- An indoor recreation center in which dance and sporting events may be held.
- More parks and playgrounds for use of the entire community.
- Protected ice-skating rinks for children.

IT IS THE PROBLEM OF ALL
The First warders' appeal for help is getting immediate action on safeguarding those who must cross railroad tracks at Academy and other streets leading into that balliwick should be heeded by every citizen who has the good of the city at heart.

It is not purely selfish on the part of those residing in the First ward to ask that co-operation be given them. It is the concern of every property owner and resident of the city to protect those who have to use those streets crossing railway tracks.

This community may consider itself mighty lucky that the accident of Saturday night was not more serious. It was miraculous that 30 persons, riding in a street car, should escape with the slight injuries sustained. When that locomotive hit the street car, Death stalked through the aisle of that vehicle and it was only the intervention of Providence that prevented Death from taking his toll.

The First ward naturally is aroused over the wreck of Saturday night for most of those on the street car were residents of that section. But those threatened might have been from other portions of the city.

A city plan, suggested by Dr. Nolen, provides for means of solving the crossing problem and it should be the endeavor of those who take up the matter of handling the present need to keep in mind those suggestions and at the same time prevent as much delay as possible.

With increased street traffic which is coming as the city grows and with additions every year to the great fleet of motor vehicles which are being put into use, delay is dangerous.

Out of the efforts the citizens make at this time should come some concrete plan which will forever make a safe passageway for those who have to cross railroad tracks.

The First warders' plea is worthy of support even if only those who live in that section are benefited, but adding to this the benefit the whole city would receive through quick action, there is no need to appear to be a single argument against getting behind the movement NOW.

HAIL THE LAKOTAS!
Janesville citizens should feel elated at the stand taken by the Lakota club in announcing that it is ready to aid in any movement which will make this city bigger and better. These young men have in a way, thrown down a challenge to those who can provide work for them to do. They, figuratively speaking, are ready to take off their coats and go to work if some one will furnish the job. That is certainly a fine spirit and no doubt will have a good effect upon the whole community.

Plenty of work can be found for the young men who have so generously offered their services. They will benefit by the experience of getting behind those things we need in Janesville. Their vision will be broadened and their opportunity to keep close to the development of the community will keep them in trim to meet the many obstacles which are bound to arise as the city grows.

Most of the members of that organization are coming business men and they will benefit in a personal way through coming in contact with the civic problems of Janesville.

When the hotel project is ready, the members of the Lakota club should be given the opportunity of going out after the money needed to build. This will put them up against a job that will have to be done quickly. If they are able (and they will be) to put that task upon the shelf tagged "finished," others will be found.

The Lakota club is known in the city as a "live-wire bunch." When it puts on a show, has a picnic or a dance, it shows "pep." It can lend its youth; its energy; and its "pep" to the business life of the city, and thus stimulate it.

Here's to the Lakota bunch! Go to it fellows, the live-ones are for you!

CATCHING THE EVADERS.
Announcement by the international revenue department that \$200,000,000 has been collected from those who sought to evade full payment of their income taxes may be taken as indicative that quite a number of persons trafficked in their ability to get the best of Uncle Sam and lost.

While the mass of people, doubtless, made as nearly correct a return as was possible, it is evident that about the same proportion of dishonesty was revealed in dealing with the government as is found in the ordinary walks of life. Most people are honest and truthful, but there are enough otherwise to make it necessary to use every precaution to thwart the designs of those who seek only the opportunity to indulge in shady transactions. While the amount thus recovered from would-be evaders is light in comparison with payments by those who made truthful returns in the first instance, yet in these days of enormous expenditures the sum recovered is not to be regarded as not worth going after.

The lesson taught will no doubt be productive of much more accuracy in making returns for this year, a duty that will soon be in order. There is one feature of the situation that is a matter of regret and that is the secrecy that the government maintains in regard to the identity of those who have been proved to have

THE CHANGE.
She used to help her mother with the dishes after tea. She often swept the parlor and was useful as could be. A month ago, not longer, she would even mop the floor. But sister isn't helping with the housework any more. She has changed into a lady and we stagger from the blow.
For her place is in the parlor, now that sister has a beau.
Time was also did the dusting and she used to make her bed. But the soft and lily whiteness of her hands may change to red. And she isn't taking chances; she remembers if she toiled.
That the charm of her complexion and her beauty might be spoiled. So she's reigning in the parlor like some queen of long ago.
And the work all falls to mother, now that sister has a beau.
It must be that she fancies that she'd lose him, like a fish.
If by chance, he should discover that she'd ever washed a dish.
Or maybe that he'd never come to see her any more if he learned his little sweetheart sometimes had to sweep the floor.
But I notice dad and mother in the evening chuckle low. As they watch the ways of sister since she has a steady beau.

Washington, Dec. 16.—With an administrative force of 1,200 individuals and an appropriation of \$2,000,000 how is the Bureau of Internal Revenue going to enforce the prohibition law upon a population of more than 100,000,000?

This is a question which has been asked before. The Bureau of Internal Revenue is now preparing to try to answer it by a demagogic new campaign.

The internal revenue officials do not try to minimize their task. They know that success in enforcing the prohibition law is dependent upon the co-operation of local officials, and in the last analysis, upon the support of public opinion.

This is the view taken by Daniel C. Roper, who is at the head of this greatest of all police jobs. He takes the view that the question whether or not prohibition is a new dead issue. Prohibition is here—or will be in less than a month—and it is here to stay until the constitution is again amended. Therefore it is the duty of all law-abiding men to lend prohibition their support, regardless of whether they are lily-whites or disillusions before prohibition became a law. And upon this support, inspired by a sense of duty and loyalty to American principles of government, the enforcement of prohibition is absolutely dependent.

Administrative Agency Organized.
There has been organized in the Bureau of Internal Revenue an administrative agency for the enforcement of prohibition, whose activities will reach all parts of the United States and its possessions. In each state there will be a federal prohibition director. The country has been divided into 10 administrative districts, each of which will have a federal prohibition director. Under these officers will be a force of federal officers for the enforcement of the law.

Successful administration, however, will depend largely upon the manner in which the federal agencies meet the situation. In all communities local officers are expected to take the initiative. This means that in each city, town or village, there will be a federal prohibition director. The country has been divided into 10 administrative districts, each of which will have a federal prohibition director. Under these officers will be a force of federal officers for the enforcement of the law.

By address, by appeals to civic and moral organizations, by informative material sent to every paper in the country, and by actual physical demonstration of the law, the prohibition laws will be enforced. The Bureau of Internal Revenue is making every effort to see that the prohibition laws are enforced.

The question remains, is the Society of Equity an organization of farmers or of politicians. May we congratulate Titmores or feel sorry for Judge Mahoney. Omro or Virginia. At any rate we look to the farmers, the backbone of the nation, and it is "back to the farm!" —Eau Claire Leader.

ON THE SPUR OF THE MOMENT

ROY K. MOULTON

THE HIGHBROW.
Mary is a highbrow, for she's been away to college. And she picked up quite a little ornamental knowledge. Mother's manners are passe and father's are just horrid. Mary comments on them in a manner which is terrific.

Old folks don't know how to eat, and their meals are obsolete. Old folks don't know how to dress, and Mary is explaining. What to wear and how to act when they are entertaining. Dad must throw his pipe away and wear his coat at dinner. Ma must buy a poodle dog if she would be a whizzer. They must learn the art of stare and shake hands up in the air.

But this course of training is at most but temporary. Fate is going to play a neat and nifty joke on Mary. When she marries, and she will, for sure some day or other, she will be old-fashioned like her father and her mother. Can't be so all-right polite when you're married. Ain't it right?

THAT MILLION DOLLARS.
Dear Roy—Not long ago you wrote "What would you do if you had a million dollars?" Some of the boys at the club answered me thus: Buy a million dollars worth of oranges and clip them. Think of all the things you can get for the coupons. Another: Hire a lawyer to fight for six months' pay he was promised. —M. M.

THE UNBROUGHT TIT.
Dear Roy—Did those two headlines in the last column on the sport page of an evening paper escape you? One reads, "The Team of the 1920 Machine." Toller reads, "Tiger Eleven Chooses Tim Callahan Captain of its 1920 Warriors." Treats you to the time poor Tim will have when he plays against himself next fall.

The Gazette maintains an information bureau at Washington, D. C., under the direction of Frederic J. Haskin, who will be answered on any subject. Those desiring information, may write a letter to the Janesville Daily Gazette, c/o Frederic J. Haskin, Washington, D. C., and enclose a stamp. The letter will be answered by the bureau.

Q. Do people of England and France pay income tax? G. H. J. A. Both France and England pay income tax. In France, at the present time, pays an income tax rate of one and one-quarter percent to 12 and one-half percent.

Q. What is the origin of the name "Santa Claus"? J. B. A. This name is a Dutch corruption of the name "Saint Nicholas." Saint Nicholas is a much beloved saint of the Roman Catholic church, and a special patron of the young.

Q. Is it permissible for a postmaster to close the window while asserting the mail? H. D. R. A. The postoffice department says that postmasters of third and fourth class offices have been given the privilege of closing the window during the time the mail is being distributed, as it has been found that mail is expedited rather than delayed by this practice.

Q. Who were the Apostolic Fathers? E. T. A. They were the six men to whom the 12 Apostles committed the charge of the church. They received it from Christ. They were all called Saints. Their names were Barnabas, Clements, Ignatius, Hermas, Papias, Polycarp.

Q. What is the population of the Philippine Islands, and how many of the islanders are non-Christians? S. T. A. There are 9,000,000 people in the Philippine Islands, a population equal to that of the United States in 1820. Only about 500,000 of the islanders are non-Christians.

Q. What are the total deposits in the United States Postal Savings banks? B. S. A. The postoffice department says that the total amount of saving deposits in the savings banks June 3, 1919, was \$167,323,226.

Q. What is the capital of Australia? N. Y. Melbourne is the temporary capital, pending the completion of the permanent federal capital which is being built at Canberra.

Q. What were the losses of both sides in the battle of Shiloh during the Civil war? M. E. G. A. In this battle the federals lost about 13,000 men, while the confederates' loss is placed at 10,700.

Q. What was the origin of the term "Uncle Sam"? G. R. A. During the Revolutionary war there was a man by the name of Samuel Wilson who was engaged as a cooper of provisions. He was known by his friends as "Uncle Sam." In his work he stamped inspected goods "U. S." which incidentally happened to stand for his nickname as well as his government. Thus the two became identical. Uncle Sam as an old man with whiskers was taken from Samuel Wilson.

DYNAMITE POPULAR; DUPONT CO. WANTS TO STORE TON OF IT

Blasting bids fair to become a popular outdoor sport in Janesville this winter.

Mayor T. E. Welsh stunned the natives and several members of the council last night with his announcement that the Dupont company desire to store a ton of dynamite in the southwestern part of the city. As no formal petition was presented, action on the matter was put over for two weeks.

Permission was granted the Samson Tractor company to store the explosive in maximum lots of 50 pounds at a time for use in blowing up stumps and making ready for excavation on the plant's property. The Matteson-Lindstrom company, through its manager, Charles L. Riley, was given similar permission. The dynamite to be used in the vicinity of Sherman avenue in the Second ward.

Mayor Welsh said he was somewhat reluctant about the matter of allowing dynamite to be stored in such a quantity as to be capable of blowing Janesville off the map. City Attorney Robert E. Cullen stated he had conferred with the Dupont company's representative and he had explained the method of storing it, reducing danger to the minimum.

He said the explosive could be placed in a cave in the ground, surrounded by sand, and covered with sand. He explained that dynamite was a peculiar explosive in that the blast blew downward instead of in the air; a block held 6 inches above a "bat" of dynamite on a table would not be touched by the explosion, which would probably demolish the table and the floor. For this reason it is held to be a safe explosive for guns. Dynamite explodes at 360 degrees Fahrenheit and freezes at 40 degrees above zero.

The council last night approved the appointment of nine Dupont men as special policemen for 90 days for protection and guarding of the Samson Tractor and plant. The following appointments were confirmed: William Heller, chief of the Dupont force; I. M. Jeffris, C. L. McVeith, Oscar Rauch, J. W. Atkins, Edward J. Schmiedley, J. C. Warfield, Fred Muchler, and Joe Nagee.

OBITUARY

Mrs. Anna Kerry.
Funeral services for the late Mrs. Anna Kerry were held at 9 o'clock this afternoon from the home, 1415 Linden avenue. Rev. J. R. Brown, pastor of the Christian church, officiated.

An error was made in the announcement of the death of Mrs. Kerry in yesterday's paper. The name published was Mrs. Anna King. She should have read Mrs. Anna Kerry.

The deceased was born in Janesville, July 24, 1864, and has always been a resident of this city. July 27, 1892, she was united in marriage to Edward Kerry. Mr. Kerry passed away May 12, 1918.

One niece, Mabel Haney, a sister, Mrs. George Moore, this city, and a brother, Burt Richardson, living at Sheboygan, survive.

Thomas A. Murray.
Thomas A. Murray, after an illness of one month, passed away at his home, 1015 South Jackson street, at 7 o'clock last evening.

Thomas Murray was born and reared in this city. For a number of years he made his home in New York city, coming back to Janesville 10 years ago.

Besides his wife he leaves to mourn his loss one brother, William A. Murray, and three sisters, Theresa, Mary, and Elizabeth Murray, all of this city.

Funeral services will be held at 9 o'clock Wednesday morning from St. Patrick's church. Interment will be made at Mt. Olivet cemetery.

YOUNG MOTORMAN OF WRECKED TROLLEY LEAVES HOSPITAL

William Pelis, the 23-year old motorman of the trolley which figured in the wreck at the Academy street crossing Saturday night, when 21 people were hurt, was discharged from the Mercy hospital this morning. While he had difficulty in recovering from his injuries to walk home, Pelis will need a physician's attention for at least a week.

Albert Nott, paper box manufacturer of 569 North Pearl street, is still at the hospital and confined to bed. He is slowly improving, but will not be able to get around for several days.

No report was forthcoming from the local offices of the Chicago & Northwestern railway today on the result of the railroad's investigation into the causes of the accident.

W. R. Smith, claim agent of the traction company, arrived in the city last night and connected with the investigation of the accident, but returned to Rockford without examining any of the witnesses. His will return here tomorrow, according to W. H. Dougherty, attorney for the road, to make further inquiry.

A committee of First ward citizens went to Madison to attend a partial conference with the state railroad commission for the purpose of ascertaining what steps may be taken to procure protection over the riding tracks. Mayor Thomas E. Welsh was among them.

HALF OF FUND TO KEEP COUNTY HIGHWAYS OPEN IS RAISED

Consideration of the raising of funds to keep the roads open to traffic during the winter was postponed by the board of directors of the Chamber of Commerce at their meeting last night until tomorrow. This procedure was necessary because of the unusual amount of business before the board.

Five hundred dollars, or one-half of the \$1,000 needed to give County Highway Commissioner, Charles E. Moore money on which to start experiments, have already been pledged for this purpose. Other business men have promised to give toward the fund, but so far have not stated the amount.

"Snow removal helps to keep the roads in good condition," says a writer in a communication received by this newspaper. "If snow be permitted to melt on the roadbed, the water continues. It tends to soften the subgrade and loosen the base under the wearing surface. Evidences of these changes may be seen after heavy snows in the late winter and early springtime."

"If snow is not removed on a trunk highway, the traffic will gradually break its way through when they begin. The traffic will create one or two sets of ruts or tracks. The constant tracking in the same ruts produces disastrous results to the road surface, making repairs difficult and expensive. A larger percentage of road money is due to winter traffic than to summer traffic. This is due to the neglect of the highways during snowtime."

Mayor Welsh's action in appointing a fuel board and the consequent choice of a fuel administrator was approved upon resolution introduced by A. H. E. H. Ransom, together with provision for a salary of \$100 a month for W. B. Sullivan as fuel administrator during the emergency.

It was decided to have him continue in office until the council abandoned it upon advice that fuel conservation was no longer necessary for equal distribution. This is predicted to be a matter of from three to four months.

Bakery to Clear Sidewalks.
Street Commissioner Thomas McKune was instructed to order the Benetton and Lane bakery to keep the sidewalks around their block clear of snow. Ald. Badger and others said they had received numerous complaints of sidewalks being blocked for hours at a time when a carload of flour was unloaded, both on North High and Wall streets.

A further investigation into the Joseph Cavanaugh damage case was decided upon after Alderman Badger and Kerst had reported that the street where he fell into a sewer hole was well lighted at the time and that Cavanaugh was not walking on the sidewalk. Cavanaugh asks for payment of his salary and board bill.

Edgerton News

(By Gazette Correspondent.)
Edgerton, Dec. 15.—Edgerton is to have community Christmas exercises. The affair will be held at the high school some time during the holidays. The program is to be in charge of Mrs. A. T. Shearer. Funds to hold the entertainment will be solicited by a committee composed of J. J. Larson, Will Dickerson and J. G. Lutz. Miss Olson, visiting nurse, states that there is very little suffering from lack of food, coal or clothing in the city. A committee composed of J. J. Larson and W. B. Doty was appointed to provide a Christmas basket for a few families that may be in want. The date on which the exercises will be held will be announced later.

A dinner was served at the home of Claudine Pearson Sunday at 6:30 p. m. The occasion was Mr. Pearson's birthday. Covers were laid for 12.

Fire from an over-heated stove pipe destroyed the small residence on Doty street, and occupied by Ole Hauke. The building was practically destroyed. No household goods were saved.

Mrs. Dr. A. T. Shearer entertained a few friends Friday evening. The affair was in honor of Mrs. Dexter Wilson, who left for Hudson, N. Y., Sunday evening to spend the winter.

Account of Highway Rush

Chicago, Dec. 16.—The retail store conducted here by the quartermaster's department, United States army, has been permanently closed and the mail order business of the quartermaster's store at Rock Island suspended, Colonel Bullard Lyerly announced today.

The mail order business has been dropped under orders from Washington because of the congestion of holiday mail.

SMALL PAPERS FACE
SUSPENSION-ANTHONY

(By Associated Press.)
Washington, Dec. 15.—Between 2,500 and 3,000 small newspapers face suspension if not extinction if the news print situation is not soon remedied, Representative Anthony, republican, Kansas, told the house postoffice committee Monday in urging favorable action on his bill to limit to 24 page daily newspapers and periodicals using the second class multi-privilege.

The larger newspapers, he added, could eliminate 50 or more pages of feature, comic and magazine matter published in Sunday editions, without loss to the public.

The volume of advertising should be drastically reduced, he said. Representative Anthony said he had heard that some advertisers had greatly increased their expenditures for advertising to avoid payment of excess profits tax.

The present shortage of news print paper, he continued, "is due largely to the action rapidly of the great publishing companies which are buying up every pound of news print they can lay their hands on."

The country and small city publishers cannot meet this powerful competition.

Jason Rogers, publisher of the New York Globe, speaking in favor of the bill, declared that some great newspapers are producing at the expense of all the others by publishing large editions and carrying great quantities of advertising.

FARMERS' INSTITUTE TO BE HELD IN BELOIT

Evansville News

Supt. O. D. Antisdel and R. T. Glasco attended a meeting at Beloit college yesterday which was held for the purpose of discussing a farmer's institute to be held at the college.

At noon a luncheon was served at the "Y" under the direction of the Chamber of Commerce.

Farmers surrounding Beloit, Luther Bullock, of the college of Beloit, representative of Beloit college, Supt. O. D. Antisdel and R. T. Glasco of this city attended the meeting. The institute will be held at the college some time after Feb. 15. One day will be devoted to dairying, one to power machinery and one to subjects which will interest the farmer. All farmers may attend the institute.

At some later date, Mrs. Nellie Kelle Jones of the extension department, Madison, will organize an institute for the farmer's wives.

The institute will be held in the college and luncheons will be served under the direction of the Chamber of Commerce.

ADD FARMERS' INSTITUTE—The committee also decided to form a Rock county livestock board to be composed of the president and secretary of each of the breeders' associations and one representative from each breed not organized.

Through this board an effort will be made to take a census of all the bulls in the county. The schools will be called upon to lend their assistance in listing every farmer of the county to find whether pure bred or scrub bulls are being used. The object is to replace all scrub bulls with high grade ones in a movement to raise the quality of the county's cattle.

The newly formed board will hold a meeting shortly at which it will consider the matter of building a sales pavilion at the fair grounds.

Winter Wheat Area Sown This Fall 38,770,000 Acres

Washington, Dec. 16.—The winter wheat area sown this fall is 38,770,000 acres, the department of agriculture announced today. The revised estimate of last year's area was announced as 50,489,000 acres. The condition of the crop December 1 was 82.2 percent of a normal, compared with 98.5 on December 1 last year, 79.3 in 1917, and 89.5, the 10-year December 1 average.

The area sown to rye is estimated at 5,530,000 acres compared with 7,322,000 acres, the revised estimate area sown in the fall of 1918. The condition of the crop December 1 was 89.5 percent of a normal.

Marquette.—The U. S. Employment service here ceases to exist after two years' work. Expected attempts to continue the service failed because neither congress nor the state legislature provided funds.

Heart and Home Problems

BY ELIZABETH THOMPSON
Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: I surely was glad to get your letter telling me that you would like to hear from me again. I didn't do just what you told me to for I didn't like to get my folks in trouble. I earn \$16 a week, \$17 last time. When I went home I handed over the \$16 and told my father I wanted a share. He thought I was "kidding," but I told him about that court. Of course, so did I. I said I was willing to pay good board money to help out, but it was not worth any \$16. I told him to figure it out as fair as he could or else I would go to court, and then I slammed out.

I didn't look very good, but I braced up and went to the library for the first time. The lady in the reading room didn't notice I was shabby, for she was a nice and kind person. I read until they closed up. I am going again.

When I got home the folks were still up. I asked about the navy, but they wouldn't let me go. They said I should pay \$12 a week for board and I should have to go to school. That board and room would cost that much anywhere. Maybe it would, but I would have a room by myself and I could have things of my own. I always get enough to eat, but it isn't very grand. My sister left right on her birthday. She works for a family and they give her a good home. The folks miss her money and so I thought I would sell it square. I want to go to night school, but am going to get some new things first.

I told Matthew you wanted him to write, but he said he can't write good enough. He said to tell you he was very much obliged and it has been

parents understand that a seemingly trivial cavity in a temporary tooth can bring such a serious sequel as valvular heart disease. Yet it is so easy to check up your physical condition. Do not stop with the teeth. Can you pass a life insurance examination? You don't know, but you should know. Have your doctor give you such an examination annually and know where you stand. The small expense of this form of assurance is an item which you will charge off to the satisfaction that comes of knowing how fit you are. And it is surprising how few individuals really know whether they are physically sound.

QUESTIONS AND ANSWERS
The Eternal and Gullible Pondine. Please answer this question in your column. Is it necessary for a girl of fourteen years to wear corsets or other supports in order to retain and mold her figure? (Mrs. E. C. W.)

ANSWER—Corsets and other supports do not retain or mold the figure; they merely spall it. The girl who would be healthy, graceful and happy never acquires the correct habit of so but trains her own muscles to hold her up.

In Other Words
A relative of mine has arthritis. What is arthritis? Can a person be cured of it? Where can a person go to receive proper treatment for it? (L. A.)

ANSWER—Arthritis is a medical term meaning inflamed joint. Treatment would depend on the nature of the inflammation. One relative's trouble having been translated from "rheumatism" to arthritis, let the doctor next endeavor to determine the specific cause of the inflammation. My personal experience has been that it doesn't help rheumatism a darn bit to call it arthritis. If one displaces the patient, or if the patient quits the doctor, this helps.

This Guy Is Joking You
The subscriber reads with close sympathy your thorough modus operandi of exterminating the truck-driver problem. He states that in affection for the human cuticle is truly a high example of constancy. The problem of the truck driver in the discriminating reader, would the same formula, viz., kerogene and vinegar in equal parts, suffice to effect the evacuation of one's virtuous coach by the hosts of China lecturers?

ANSWER—No, the jovial bedbug ridges more potent treatment than ordinary "kerogene." Application of the room gets the unwelcome bedbug. This demands expert application for success in job. Furniture, though needless to prevent disaster, the best method of destroying vermin.

Roast Young Pig—A pig for roasting should not weigh over six or seven pounds after it is cleaned. Cover the pig, which has been prepared by butcher, in cold water for 15 minutes, then wipe dry. Inside and out, rub inside with a little salt and pepper.

Dressing—One quart fine bread crumbs, one-half cup melted butter or substitute, one chopped apple, one chopped onion, a little parsley, salt and pepper to taste (sage may be added if liked), and milk to moisten. Stuff the pig to its original size and shape. Sew it up with clean white cord and drawing needle, bend forelegs backward and back legs forward under him, and fasten with skewers. Cover ears and tail with white oiled paper, put a piece of clean, hardwood between the jaws and keep them wide open.

Dredge pig with flour, lard, salt and pepper and put in roasting pan with about three or four cups of hot water. Roast from two to two and one-half hours. Watch carefully and do not burn top of pig. Remove paper from ears and tail, a few minutes before removing from oven. Cook quartered sweet potatoes in pan with pig, put in about 25 minutes before ready to serve.

DISCOVERIES.
If You Use the ordinary flat iron, heating it on the stove, a brick should be used as substitute for the ordinary open-work iron stand as a rest. The brick, warmed on the stove, will retain the heat even after it is moved to the ironing board, and when the iron is rested on it the heat is retained. A network iron holder allows the cold air to get at the hot surface of the iron and reduces the temperature every time the iron is put down for a time, so the brick is a real help in that conservation.

Hint for Motorists—To keep windshield clear of rain or snow when driving through a storm, rub the surface of the windshield with kerosene oil, and the drops will roll off the glass instead of staying on and obstructing the view.

Good Polish for Oilcloth—Oilcloth looks better and lasts longer by using a good polish. Take an ounce of kerosene, dissolve it, add it to a pint of turpentine, apply with a soft flannel cloth and polish with another. Always have cloth clean.

Check Up. Everybody merely to obtain relief from his constipation. It must cost him about \$100 per month not to mention the physical and social handicaps. He was launched on the habit by a granny who fed him castor oil by the gallon when he was a youngster.

I am thoroughly opposed to the practice of sorting over symptoms to see if you can find any to fit your case. That is a definite predisposing cause of ill health, in my opinion. It is the wrong way to check up on your physical standing. The right way is to count up your assets, rather, and see how good you are. Begin with the teeth sound teeth mean infinitely more for health than any of us has realized. Especially does this apply to the child with temporary teeth, for which good dentistry is of the utmost importance. A child with sound teeth rarely suffers with adenoids and throat infections. It is impossible to estimate the prophylactic effect of prompt and skillful dental treatment of decay of the milk teeth. I am afraid even a mention of the results of neglect of such treatment, for if I should the complacent reader might conclude that I am exaggerating. It is difficult to make most

MILWAUKEE MAN IS GIANTS' SECRETARY

New York, Dec. 16.—It was announced Sunday that Joseph J. O'Brien of Milwaukee, former pitcher, has been appointed secretary of the New York Giants. O'Brien succeeds John B. Foster, who held the position seven years.

No reason was given for the dismissal of Foster, but it was rumored in baseball circles that he was let out because he was too close to the Homestead interests in the club.

to the Illinois.

Alumni of the Ohio State are backing the stadium project, which has been given the approval of the board of trustees of the university. The alumni expect to raise the money and will endeavor to get the state legislature to appropriate sufficient funds for the purchasing of suitable grounds.

JUNIOR BASKETBALL TEAM WINS, 19-12, FROM FACULTY FIVE

The Juniors beat the Faculty team in basketball at the high school gym yesterday by the score of 19 to 12. but they did it in the first half. Augmented by W. Foster Craig, physical director of the Y. M. C. A., the Juniors played far better ball in the third and fourth quarters than the school-boys, making 12 points to the Juniors' six, getting in a fair line of team work, working nice passes, and guarding closely.

A large crowd of the undergraduate body of the school was on hand raising the foot with their school yells and cheering. Rooting was general for both sides, the professors getting rousing cheers for any success or near-success they had. Wild enthusiasm burst forth just before the opening of the game when the teachers, headed by Principal Hassford, walked onto the court in synch suits.

Neither side showed much in their playing for the first two quarters. No team work was evident upon either combination. For the first few minutes of play, everything was rough and tumble, with the faculty players throwing without aim and the Juniors, in a heap after the ball.

The scoring of the Juniors in the first half was not due so much to their ability to make baskets, but to their guarding upon the part of the "pros."

With the boys having lots of fun with their teachers, Principal Hassford, playing right guard, muffed a number of passes and did some climbing over Hager, forward, and star for the Juniors, but he played good ball. Zimmerman showed confusion early in the game, taking the ball away from Crabtree, his fellow forward.

Juniors Substitute

At the end of the first quarter, the Juniors substituted Tunstead for Smith at center; Bennington for Sullivan at right guard; and Smith for Grubb at left guard. Before the game was over they had almost a new team. Raubacher, center, to replace Bennington at right guard; Newman to take Smith's place at left guard; and Smith to replace Ambrose who had gone in at center. Tunstead was taken out near the end of the first half for making more than three personal fouls.

Throughout the first half the Faculty failed to score. Once they caught a free throw but it was counted because Crabtree, who made it, stepped over the line. The scoring opened in the second half with Bassford throwing a clean, full-court throw with no one in miles of him. Craig followed quickly with another.

The Juniors now were being played off their feet with Craig following right after the ball and putting heart into his men. Nice passwork was executed by the school-boys but they spoiled it by too much gully work.

Final up and score:
Juniors (19)
Faculty (12)

BRINGING UP FATHER

Carpentier to Star in Movies

Los Angeles, Dec. 16.—Georges Carpentier, European champion pugilist, may star in a motion picture serial and make this place the scene of his training for his fight with Jack Dempsey. A cablegram was dispatched today to Carpentier by Jack Warner, local sportsman, and Al St. John, film actor and former amateur boxer, offering the French fighter a contract to appear here in the preparation of a film serial. If Carpentier accepts he is to arrive in February, so that releases on the picture can be had before July 4—the tentative date set for the proposed Dempsey-Carpentier fight.

PARKER PEN LEADS I-C BOWLING RACE

Continuing its winning streak by defeating Bennington & Lane three straight last night at the Arcade alleys, Parker Pen jumped into the lead in the Industrial-Commercial league tournament. They did not do it, however, without a fight. The second and third games were close, won by 2 and 3 points respectively. Schneider was high man with 302 and made the best average at 163.

In the other game of the evening, the Janesville Contracting company took two from the Woolen Mills. Meyer was high with 225, and tied with Cleveland for high average at 174.

BELVIDERE COMING FOR GAME TOMORROW

The first mid-week game of the basketball season will be played at the Armory, tomorrow night, when the Yakota Cardinals take on the team from Belvidere. A new feature of the sport will be the placing of a number of the seats in a reserved section at a slightly higher price than usual.

Belvidere's team is strong. It shows up as well as last year. The game will be close. When the two teams met here last season, the Cardinals defeated the visitors. But the victory was procured by only one point. Hard fought throughout, Belvidere lost 23 to 27.

Word was received by Manager Jimmie McCue yesterday that the Cardinals will meet the Cards in Janesville, or at any selected place, any time after January 15. The Cards have been keeping close tabs on the work of the Yakotas and decline to play them until later in the season when they have had more practice. The reason for this, as contained in a letter from the Standard Oil quintette, is that the Janesville boys are said to be the fastest team in the middle west.

BADGERS WILL PLAY BELOIT FIVE TONIGHT

Madison, Wis., Dec. 16.—The Badger basketball team plays its third preliminary game at 7 o'clock tonight against the Beloit college five.

During the Christmas vacation the Badgers will go on a barnstorming trip to Oshkosh, Ripon and Beloit in preparation for the opening of the conference season with Iowa, at Iowa City, January 3. Oshkosh Normal will play Friday, Ripon Saturday, and Beloit Monday. On its trip to Iowa, the varsity will stop off at Great Lakes, January 1, for a game with the station team that day.

FIGHT DECISIONS

Philadelphia—Johnny Dundee outboxed Ed. Kiney in 6 rounds.
Milwaukee—Pinkie Mitchell was given the newspaper decision over Mike Paulson in a 10 round bout.
Newark—Young Bob Fitzsimmons outboxed Ed. Kiney in an 8 round bout.

WHY?
Life upon a Pullman smoker is not always planned to please. When we're forced to hear some joker Spring his ancient whiskered wheeze.

We must listen to the story That once made old Adam snore. Which reminds him of one more he Liked before the Civil War.

Why then do I choose the smoker. Stay and smile at jest and quip? Well, because I think the joker Carries something on his hip.

Intoxication in some places isn't considered the crime it used to be, says ex-Sergeant SOL. If a man puts up a booting alibi the Judge expresses sympathy and lets him go, and if it was the real stuff His Honor speaks to the prisoner alone and then they go out together.

WHAT'S IN A MONSTER?

The War Risk Bureau in Washington has discovered a Yank from Perry, Georgia, whose name is E. Pluribus Brown. Hundred percent American, it names mean anything.

DID YOU MEET HIM IN FRANCE?

We used to wonder how some of 'em got into the Army. Here's a letter written to a Local Board that may explain one case.

"I ask you in the name of God see that my husband is sent to the front to fight the Germans and not a defenseless woman. I am writing this letter to you with the worst black eye that a woman could carry. One side of my face is as it always was but the other is a sight to look. The doctor says his back teeth are bad, but every other way he is healthy. He has no more teeth, but I don't want to have him arrested, as if he is no use, he is hardened to that. What I want is to let him fight men, not women. Now for God sake please help me in some way to send him over there."

ALL JOKING ASIDE

Here are two letters from soldiers recently published in a Washington, D. C., newspaper. One Yank enlisted for the emergency writer from Siberia asking why he should not be allowed to come home and get back to his job. The other, after fighting on the Meuse and in the Argonne, home safe enough and with his discharge in his pocket, walks the streets for work in his native city. Remember them boys on Main street?

"Do they (the American people) know that the Russians we are aiding are spreading propaganda and even killing our men, for no other purpose than to force the Americans to fight their battles?"

"Do they know that the war with Germany is over and that we would like to return to . . . the United States?"

WILDE MATCHED TO BOX CARL TREMAINE

Cleveland, O., Dec. 16.—Negotiations for a ten round bout between Jimmy Wilde, flyweight champion of England, and Carl Tremaine of Cleveland, at Canton, O., on New Year's Day, were concluded between Matt Hinkle, Cleveland promoter, and D. Hughes, representing Wilde, late tonight. Tremaine is to weigh 116 pounds ring-side.

JACK JOHNSON TRIES "THROWING THE BULL"

Mexico City, Dec. 16.—Butted over the fence, but not out, Jack Johnson, the negro prize-fighter, entered the bull ring Sunday afternoon and successfully completed his debut as a torador by knocking out the bull. Then, to prove that the victory was no fluke, the ex-champion flattened a second bull.

OHIO STATE PLANS GREAT NEW STADIUM TO SEAT OVER 15,000

Columbus, O., Dec. 16.—Plans are under consideration to build a huge athletic stadium costing several thousand dollars at Ohio State university. The stadium issue was brought up at the Illinois-Ohio state championship football game, when thousands of persons were unable to gain admittance to Ohio field, which seats a few more than 15,000. It was estimated that between 20,000 and 25,000 persons were refused admission.
